

A-910 Air Spray Gun

Operates from a standard twin cylinder air compressor with 20 gallon tank which delivers:
8.2 cfm @ 40 psi
6.5 cfm @ 90 psi.

L015-012 conventional 1.8 spray gun with suction pot (shown)
L015-013 pressure feed 1.4 mm version (without container)

Nozzle kits:

1.1 needle/seat/cap kit	L015-850
1.4 needle/seat/cap kit	L015-851
2.0 needle/seat/cap kit	L015-852
2.5 needle/seat/cap kit	L015-853

Nozzle chart

Material	1.1 mm	1.4 mm	2.0 mm	2.5 mm
clear finishes (up to 20 sec)	best	ok	no	no
colour finishes (20 - 40 sec)	ok	best	ok	no
multicolour & heavy latex (40+ sec)	no	no	best	better

Applications:

- Furniture finishing
- Automotive finishing
- Industrial coatings
- Aircraft refinishing

Features:

- Full controls
- All metal gun body
- Easy to use
- Easy to clean

A-910 Professional air gun:

The A-910 conventional spray gun is designed for furniture fine finishing, auto body shops, metal fabrication shops, contractors, and hobbyists. The metal gun is durable and has a large pot opening for easy cleaning. Spray fan width control is adjusted at the top back of gun, horizontal and vertical pattern is controlled at the air cap, and material flow is controlled at the back of the gun. Materials which can be sprayed include varnish, urethane, lacquer, automotive paint, epoxy, enamel, stain, latex, oil base, and heavier exotic coatings when using the larger nozzle set. The gun comes with a 1 quart container, and can also be used with an optional 2 quart or 2.25 gallon remote pressure pot. The fluid needle and seat are made of stainless steel, and the entire gun can be placed in a gun cleaning cabinet.

This suction gun is supplied with a 1.8 mm (gravity gun is 1.4mm) general purpose nozzle for thin materials such as varnish, stain, and enamels (latex and oil base require some extra thinning). Other sizes available separately.

Typical remote system shown here with 2.25 gallon tank and 15' hoses.

A-910 Specifications

CFM requirements	4-10 @ 60psi
PSI maximum	80 psi
Fluid inlet	3/8" npt
Air inlet	1/4" npt
Container size	1 quart
Anti-drip vent	internal
Atomization	external
Shipping size (inch)	L W H
Shipping weight	3 lbs (1.3kg)
Order number, suction ..	L015-012
Order number, press.	L015-013
Order number, gravity. .	L015-014
