Clearance price
 only 49.00!

Titan Cut'n Trim Kit. provides the ability to cut in around doors, windows, etc. It has a reduced flow rate which allows the operator to move the gun to within 4" of the surface without flooding. The control is provided by either the Trim Shield or the the Trim Guide. Fan sizes possible are 2" - 12" at one foot from surface, or 1" - 5" when moved in close with the trim attachment. Tip orifice range is .005" to .018". Excellent value at this clearance price!

353-131-13 Cut'n Trim Kit 49.00 C

Stock: 14 in Calgary. Freight is FOB any Lemmer Location.

Airless tip

40% Discount
 (was 126.00)
Clearance price
 only 75.60!

Titan adjustable tips. Simply adjust the handle to vary the spray fan. The larger the fan, the larger the orifice becomes. To unplug, open wide and give a clean out shot. This was Titan's name to fame, and now "obsolete". Too bad they were a great tool in certain applications. Its only real problems were that its life was a little shorter, and the price was high.

L042-015 #15 (.005-02 to .018-12)..... 75.60 C
L042-020 #20 (.007-02 to .019-20)..... 75.60 C
L033-018 Titan tip guard..... 15.95 G

Stock: This is a WSL item, stock in branches not allowed on this small clearance amount. Only a hand full of tips available. Sold as is, brand new stock, guaranteed working, minimal parts available.
