Suction Pot

Product of the old DDR!
• A bit of history from Jan-1989.
• 1 litre size.
• Non-standard M16 thread.
• Made in East Germany

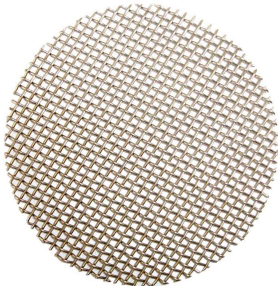

90% Discount
(was 43.85)
Clearance price only 4.39!

Sprio Suction Pot. These pots were purchased early in the same year that the Wall came down. They are now a little bit of history from the old communist regime. Since this product line has been discontinued we are liquidating all of these pot assemblies.

L011-103 Sprio Suction Pot..... 4.39 C

Stock: This is a WSL item, stock in branches is allowed on this item. 650 pots available. Sold as is, brand new stock, guaranteed working, no parts available. Thread is M16 to fit some European air spray guns. Most pots are in original individual boxes with East German markings as shown.

Industrial 4' flourecent fixture

New Item

Clearance price only 12.00!

4' polished aluminum fixture with ballast. These fixtures came from a reno job and are in excellent condition. Tubes are not included. The polished reflector increases effective lighting and gives them a more refined look.

NPN 4' flourecent fixture 12.00 C

Stock: This is a WSL item, stock in branches is not allowed on this item. About 50x available. Some have connectors as shown to mount in series. Sold as is.

Airless gun

New Item

All metal spray gun

Special buy only 99.99!

Consumer Airless Gun with reversible 415 tip. These are a special buy item and brand new. They are a consumer design and built tough. A standard Lemmer industrial yellow handle filter is included. The spray tip is also the standard Lemmer BB type. The valve shut off design is a ball and seat type for durability, but sits just above the gun filter thereby increasing shutoff spit with some heavier paints. Overall excellent value, and a perfect gun for backup.

Temp-Gun 99.99 C

Stock: This is a WSL item, stock in branches is allowed on this item. About 200x available. Parts for this disposable gun are not available. No tip size substitutions allowed, sold as is.
