

# Electric Rustproofing System

## Portable Rustproofing System:

Excellent for conventional light bodied rustproofing products.

The electric airless piston pump makes this system simple to operate and easy to clean.

Product is delivered to the spray nozzle at high pressure to ensure fast application rates and a fine spray that reaches all areas of the vehicle.

This unit is backed by a 1 year guarantee from Lemmer, with sales and services centers across Canada.

(not for use with MEK based coatings such as lacquer)

Order #L033-200.... portable electric rustproofing system
