*Includes nozzles:*  
*1.4mm (spare)*  
*1.8mm (installed)*  
*2.5mm (spare)*

**#L015-011 A-905 conventional Air Gun**

## Conventional air spray gun:

The A-905 is designed for versatility and high production. The metal gun is durable and includes a 1 litre container. Applications for this spray gun include furniture fine finishing, auto body, metal fabrication, and most other spray type jobs. Spray fan control is adjusted on the side of the gun, horizontal and vertical pattern is controlled at the air cap, and material flow is controlled at the back of the gun. Materials which can be sprayed include varnish, urethane, lacquer, automotive paint, metallics, epoxy, enamel, stain, latex, oil base, multi-colour, glue, etc. The fluid needle and seat are made of stainless steel, and the entire gun can be placed in a gun cleaning cabinet.

### Kit includes:

- 1.8 mm general purpose nozzle for medium materials such as latex and oil base.
- 1.4 for thin materials such as lacquer & stain.
- 2.5 kit for multi-colour and glue.

**One kit for all your spraying needs!**

### Nozzle chart

Material	1.4 mm	1.8 mm	2.5 mm
clear finishes (up to 20 sec)	best	ok	no
latex & oil base (20 - 60 sec)	ok	best	no
multicolour & glue (60+ sec)	no <small>(included with kit)</small>	no <small>(installed in spray gun)</small>	best <small>(included with kit)</small>

### Applications:

- Furniture finishing
- Automotive finishing
- Industrial coatings
- Multi-Colour coatings

### Features:

- Professional
- All metal gun body
- Easy to use
- Easy to clean
