

DC-3100 PISTON PUMP

**ONLY
33 LBS!**

**Motor stops when
spraying stops!**

.021 TIP!

- 1) Compact & dependable gear speed reduction system.
- 2) 0 - 3000 psi pressure control knob.
- 3) Powerful and lightweight industrial DC motor is built to handle long extension cords (up to 300') and low power conditions.
- 4) Easy to use prime/spray knob.
- 5) Tough piston transducer translates pressure information to the electronic relay which controls the motor.
- 6) Tough piston pump is built for professional use, and designed for quick and easy service when it is needed.
- 7) Flexible suction system with built-in swivel for use with 20 liter pails.
- 8) Low center of gravity stand prevents tip-overs, is easy to carry, and small enough to fit in car trunks.

Order #L045-006 DC-3100 airless paint sprayer.

Professional DC-3100 airless sprayer:

The DC-3100 airless piston pump sprayer is designed for residential and commercial jobs. Materials which can be sprayed include varnish, urethane, lacquer, epoxy, enamel, stain, latex, oil base, etc. Its DC motor will handle up to 300 feet of extension cord and withstand job conditions of low voltage. Tungsten carbide valve seats are reversible to minimize service costs. The pressure control is mechanical and modular for reliability and ease of service.

Special Pricing Only 1350.⁰⁰ with hose, gun, and tip package!

(50' hose, L-67-G gun, & 517 BB Tip)

Applications:

- Building maintenance
- Interior & exterior
- Industrial coatings
