

# HVLP TURBINE ACCESSORIES

Prices and specifications subject to change without notice.

*New for 2009!*

**Fits T-55, T-55Q, T-75Q and T-90Q!**

Order number L080-100, turbine cart with mini compressor (pot and turbine not included)

## Turbine Cart Benefits:

- Convenience and portability with all-in-one cart
- Less frequent refills for less downtime
- HVLP Turbine gun has higher output with a pressure pot
- Pot feed gun is easier to maneuver in tight corners
- Much faster to set up than separate components!
- Install your turbine, or add a new T-55Q, T-75Q or T90Q
- Use your pot and hose or chose from the list below

## Turbine Cart Features:

- 1) Turbine slides in and out of cart with ease
- 2) Convenient toolbox to keep extra nozzles etc. handy
- 3) Large hose hook
- 4) Turbine filter remains fully accessible for inspection and cleaning
- 5) Air filled tires for easy rolling on the jobsite
- 6) Top quality mini compressor delivers up to 30 psi of pot pressure
- 7) Simple mounting fits any pot up to 2.5 gallon
- 8) Pressure pot with regulators optional, use pn# L011-075
- 9) Turbine sold separately; use T55Q, T75Q or T90Q

### System with 25 ft hose and std. pot use:

2.25 gallon pot with regs .....	L011-075
25ft x 3/8" fluid hose .....	L080-644

### For a 50 ft hose add:

50ft x 3/8" fluid hose (replaces L080-644) .....	L035-103
25ft x 3/4" turbine air hose extension .....	L080-300

### System with 2 qt. remote use:

2qt. remote pot with reg .....	L080-200
25' x 1/4" air line for 2 qt .....	L035-121
1/4 M conn. for 2qt air line .....	L035-501
5' x 1/4" fluid line for 2 qt .....	L080-726

## A-712G Turbine Gravity Gun

Order # L080-509

### Applications:

- Bathtub refinishing
- Touch up jobs
- Hobby projects
- And much more!

### Features:

- Lightweight
- Very easy to clean
- Insulated handle
- 600ml nylon cup
- Bleeder design
- Use with any Lemmer HVLP turbine unit

## Turbine Gun Needles and Air Caps

### For A-710, 711 and 712 guns:

Nozzle & needle, 0.5mm .....	L080-840
Nozzle & needle, 0.7mm .....	L080-841
Nozzle & needle, 1.0mm .....	L080-842
Nozzle & needle, 1.2mm .....	L080-843
Nozzle & needle, 1.4mm .....	L080-844
Nozzle & needle, 1.6mm .....	L080-845
Nozzle & needle, 1.8mm .....	L080-846
Nozzle & needle, 2.0mm .....	L080-847
Nozzle & needle, 2.8mm .....	L080-848
Aircap (0.5 - 1.4mm) .....	L080-834
Aircap (1.6 - 2.0mm) .....	L080-835
Aircap (2.8 mm only) .....	L080-836
Cup Gasket for 1qt, pack of 5 .....	L080-582
Air tight lid for 1qt .....	L080-648

### For A-728 gun (std. on T-90Q):

Nozzle & needle, 1.0mm .....	L081-311
Aircap for 1.0mm .....	L081-321
Nozzle & needle, 1.3mm .....	L081-312
Aircap for 1.3mm .....	L081-322
Nozzle & needle, 1.5mm .....	L081-313
Aircap for 1.5mm .....	L081-323
Nozzle & needle, 1.8mm .....	L081-314
Aircap for 1.8mm .....	L081-324
Nozzle & needle, 2.0mm .....	L081-315
Aircap for 2.0mm .....	L081-325
Cup gasket, 1 qt. ....	L015-833
Seal kit .....	L081-370

## A-728 Non-bleeder Turbine Gun

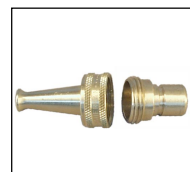

Order # L081-050

### Applications:

- Woodwork & furniture
- Cabinets and autobody
- Spray stain and finishing
- And much more!

### Features:

- Ergonomic design
- Easy to adjust spray fan
- Insulated handle
- c/w 1.5 needle
