

A-712G Gravity Gun

The A712G HVLP gravity gun comes **SKU: L080509** with an insulated nylon handle and 600 ml gravity container. This compact paint spray gun is highly maneuverable and ideally suited to fine finishing and specialty work.

A key benefit of gravity feed spray guns is fast color change and cleanup. The gravity system minimizes material loss and thinner use, saving you time and money. These guns are great for staining, piece work, on site touch ups, etc.

The standard gun comes with a 600 ml gravity container. The entire gun can be placed in a gun cleaning cabinet.

This gun is supplied with a 1.4 mm general purpose nozzle for thin materials such as varnish, stain and enamels (latex and oil base require some extra thinning).

Applications:

- lacquer
- urethane
- stain
- epoxy
- automotive paints
- thinned latex
- thinned oil base

Features:

- Fully adjustable spray pattern.
- Chrome plated alloy body.
- Hollow body for true HVLP performance.
- Turbine version gun will hook up to most turbines on the market.

Specifications:

For Lemmer turbine T-55Q, T-75Q and T-90Q
 Fluid inlet: male suction cup
 Air inlet: Quick Connect
 Container size: 600ml
 Anti-drip vent: external elbow
