

A-712S HVLP Turbine Gun

The professional hvlp paint sprayer is **SKU: L080511** designed for furniture fine finishing, auto body shops, metal fabrication shops, contractors and hobbyists. The metal gun is durable and has a large pot opening for easy cleaning. Spray fan and pattern controls are adjusted at the air cap and material flow is controlled at the back of the gun. Materials which can be sprayed include varnish, urethane, lacquer, automotive paint, epoxy, enamel, stain, latex, oil base, etc.

The standard gun comes with a 1 quart container, and can also be used with an optional 2 quart or 2 1/4 gallon remote pressure pot. The entire gun can be placed in a gun cleaning cabinet.

This gun is supplied with a 1.4 mm general purpose nozzle for thin materials such as varnish, stain and enamels (latex and oil base require some extra thinning).
