

DC-1500 Piston Pump

The DC-1500 is a entry-level paint sprayer system is excellent for the handyman and the small contractor. It will spray interior and exterior oil- and water-based coatings. Compact, lightweight piston pumps make this pump easy to move.

Excellent for conventional coatings requiring tips up to .015. Tough piston pump design for dependability. Materials which can be sprayed include latex, varnish, enamel, stain, oil base, etc. The universal brush type motor will handle up to 100 feet of #14 extension cord. The pressure control is mechanical and modular for reliability and ease of service. Very light, only 15.5 lbs! (not for use with MEK based coatings such as lacquer, two component paint)

Features:

- MOTOR STOPS WHEN SPRAYING STOPS
- VARIABLE PRESSURE CONTROL
- COMPACT AND VERY LIGHT WEIGHT
- LOW MAINTENANCE
- LONG UNIVERSAL MOTOR LIFE
- EASY TO USE
- EASY TO CLEAN
- LIFETIME TECH SUPPORT

included in kit:

- 25' hose
- Airless gun
- Versa tip
- Suction and return hose

Specifications:

9.0Amp @ 120 V
Max. tip (1 gun operating) 0.015"
Motor size: 1/2 hp
Pressure range: 0 - 2800 psi
Volume output: 0.24 gpm
Max. hose length: 100 ft.
Max. power cord: 100 ft.
Pump type: piston
Bare weight: 15.5 lbs
Shipping weight: 17.5 lbs
Shipping size (inch): 19L 13W 15H
