

Pressure Pot 2 Quart Kit A-928 HVLP 5 feet

This kit comes with a 2 quart remote SKU: L011015
pressure pot, the A-928P HVLP spray gun and 5 foot twin
hose. The fluid needle and seat are made of stainless
steel and the entire gun can be placed in a gun cleaning
cabinet. The gun is supplied with a 1.4 mm general
purpose nozzle for thin materials such as varnish,
stain and enamels. Other sizes available separately.

A-928 Professional air gun:

The A-928 HVLP spray gun is designed for furniture fine finishing, auto body shops, metal fabrication shops, contractors and hobbyists. Spray fan width control is adjusted at the top back of gun, horizontal and vertical pattern is controlled at the air cap and material flow is controlled at the back of the gun. Materials which can be sprayed include varnish, urethane, lacquer, automotive paint, epoxy, enamel, stain, latex, oil base and heavier exotic coatings when using a larger nozzle set.

Specifications A-928:

Requirements: 4-10 cfm @60psi

PSI input (typical): 30 - 60 psi

Fluid inlet: 3/8" NPS-M

Air inlet: 1/4" NPS-M

Atomization type: External HVLP

Atomization (external): 10 psi max

Twin Line Hose Specifications:

Air hose features (5' x 1/4"):

- Flexible and lightweight two-spiral design.
- Inner tube: oil resistant EPDM rubber.
- Cover: solvent, abrasion and weather resistant EPDM rubber.
- 200 PSI working pressure.

2 Quart Pressure Pot Specifications:

Maximum pressure: 50 psi

Air inlet: 1/4" NPS-M

Air outlet: 1/4" NPS-M

Fluid outlet: 3/8" NPS-M

Fluid hose features (5' x 1/4"):

- Flexible and lightweight design.
- Inner tube: solvent proof polyethylene/thermoplastic.
- Cover: solvent resistant thermoplastic rubber.
- 175 PSI working pressure (@20°C).
