

## Pressure Pot 2.25 Gallon Kit A-928 HVLP

The heavy duty commercial pressure pot is built **SKU: L011016** to last with thick gauge all-steel construction. It features top quality regulators with glass face gauges, a replaceable inner liner and stainless steel handle. The complete kit includes a 2.25 gallon paint pressure pot, 25 foot twin hose set and an A-928 HVLP professional spray gun.

The A-928 have the spray fan control adjusted at the top back of gun, horizontal and vertical pattern is controlled at the air cap and material flow is controlled at the back of the gun. Materials which can be sprayed include automotive paint, metallics, epoxy, urethane, lacquer, varnish, enamel, stain, latex, oil base, multi-colour, etc. The fluid needle and seat are made of stainless steel and the entire gun can be placed in a gun cleaning cabinet. This gun is supplied with a 1.4 mm general purpose nozzle for thin materials such as lacquer, stain and enamels.

### A-928 Specifications :

Requirements: 4-10 cfm @60psi  
 PSI input (typical): 30 - 60 psi  
 Fluid inlet: 3/8" M  
 Air inlet: 1/4" NPS-M  
 Container size: 600ml  
 Atomization type: External HVLP

### 2.25 Pressure Pot Specifications

Air requirement: 1/10 CFM max.  
 Maximum pressure: 50 psi  
 Air inlet: 1/4" NPS-M  
 Air outlet: 1/4"NPS-M  
 Fluid outlet: 3/8" NPS-M  
 Air regulator: dual w/gauges  
 Gallon can fits inside: Yes

### Twin Hose Specification

1/4" x 25'

The air hose in this kit is made from tough, solvent and wear resistant EPDM rubber. The fluid hose has a strong outer jacket and is lined with a smooth layer of solvent proof polyethylene/thermoplastic for fast cleaning and maximum durability.

### Shipping Box Specifications

Shipping weight: 26 lbs  
 Shipping size " (std.): 12Lx12Wx20.5H
