

A-908 Conventional Gun

Conventional air spray gun:

The A-908 is designed for versatility and high production. The all metal gun is durable and features a 1 litre suction container. Applications for this spray gun include furniture fine finishing, auto body, metal fabrication, and most other spraying jobs. Horizontal and vertical pattern is controlled at the air cap, material flow and spray fan width are controlled at the back of the gun. Materials which can be sprayed include varnish, urethane, lacquer, automotive paint, metallics, epoxy, enamel, stain, latex, oil base, multi-colour, glue, etc. The fluid needle and seat are made of stainless steel, and the entire gun can be placed in a gun cleaning cabinet.

Nozzle chart (Using Ford #4 Viscosity cup)

Material	1.2 mm	1.8 mm	2.5 mm
clear finishes (up to 28 sec)	best	ok	no
latex & oil base (28 - 80 sec)	ok	best	ok
multicolour & glue (80+ sec)	no <small>(nozzle kit available separately)</small>	no	best <small>(Use gun p/n# L015-015)</small>

A quality gun for all your spraying needs!

Applications:

- Furniture finishing
- Automotive finishing
- Industrial coatings
- Multi-Colour coatings

Features:

- Professional quality
- All metal gun body
- Easy to use
- Easy to clean
