

## Pressure Pot 2 Quart Remote

The 2 quart remote paint SKU: L080200

pressure pot attaches to your belt and is very handy for smaller jobs or where more color changes are required. The shorter lines and smaller container use less solvents when cleaning. Having the pressure regulator and gauge on the container allows precise control without having to leave the spraying area. For use with all conventional spray coatings.

Pressure Pot 2 Quart Remote provides a steady material flow for air guns. For use with all standard coatings such as: lacquer, enamel, stain, latex, epoxy, glue, etc.

### Applications:

- Lacquers and stains
- Enamel
- Latex
- Glue
- And much more!

### Features:

- Low maintenance
- Affordable pricing
- Easy to clean
