

## RP-1202 60/205L Air Pump

The RP-1202 Air Pump System, allows you **SKU: L033208** to spray product directly from the original container. A complete system, ready to work hard.

The RP-1202 set uses an RP-460HD air gun, which is simple and easy to use, and which is powered by a pump. This is to avoid transferring your rust inhibitor from your pail or drum to a pressurized tank.

The RP-1202 set sucks directly from your original container
